WORK EXPERIENCE

Web Developer / Shipment Planner
Textile Channel

09/2021 - Present   *Karachi, Pakistan*

Textile Channel (TC) aspires to be a well-known Pakistani supplier of high-quality home textiles and knitted garments.

Achievements/Tasks

- A Real World Project that received an excellent business response. The last webpage was built on PHP code with old coding standards , but now I have converted it to a new **100%** React website with full responsiveness.
- Working directly with the Director/CEO of this company to conceptualize and implement front-end designs and functionality to optimize UI/UX on existing website content.
- Redesigned sections of the website to ensure a more attractive and user-friendly experience.

Personal
Qualification

Achievements/Tasks

- 3+ years of customer service experience grant me the ability to easily communicate with clients and fellow workers to establish the necessary requirements to complete projects in a professional and timely manner.
- Fundamental understanding of the mobile first design concept, cross-browser development, code debugging and testing, API implementation, and performance optimization. search engine optimization (SEO).
- Daily use of GitHub for backing up my work on a regular basis.

Freelance
Upwork/Fiverr

10/2021 - Present

Achievements/Tasks

- A wonderful way to gain business experience is through freelancing.
- To obtain the first order in a particular field requires a lot of patience.
- According to an Owl Labs study, **16%** of companies are fully remote globally.
